

Jo Duggan
Chief Executive

Kia ora rā.

After coming to the end of my first four weeks I continue to be amazed by the many members I meet, you, those unseen custodians, those carers of the places where we all spend our time. Discussions about elevating the profession are a highlight; thank you for the inspiration.

Now we have certainty and a somewhat full team, we are working hard planning the year ahead. Keep an eye on [the events calendar](#); it will be filling up quickly, with workshops, breakfast series, site visits and continuing online events.

Following up from the last ForuM, on 16 June the Government released [Aotearoa New Zealand's first Emissions Reduction Plan](#), outlining actions across sectors to reduce our emissions. I encourage you to read Chapter 12 Buildings and Construction and the very useful [Table of Actions](#) that has been published.

The plan includes initiatives to accelerate the shift to low carbon buildings, improve the energy efficiency of buildings, and shift energy use away from fossil fuels. Climate change is urgent, and our profession has a huge role to play in putting these actions into place. My meeting last week with Ministers gave certainty that by 2024 action 12.3.2 of that plan will see the introduction of mandatory energy performance certificates.

We have an ongoing opportunity to elevate the importance of our profession. So, what is getting in the way of you making a difference? What's stopping facilities managers from making change? What are we already doing? How do we support each other to do more now?

Perhaps these are thoughts you can share with me in our next lunchtime [Ask Me Hour](#), on 15 June. I am looking forward to seeing you online, continuing to learn what is important to you, and how we can support each other as an association.

Kia pai tō mutunga wiki.

Jo

Why You Need to be at FM Summit

"I can't recommend the FM Summit enough. It has great speakers and is a superb networking event." *Tim Jackson, Sustainable Energy Procurement Specialist*

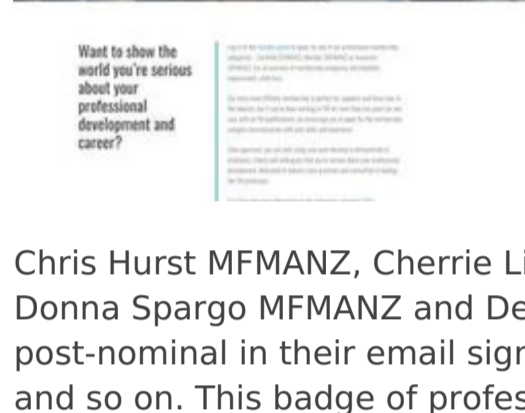

Ask anyone who's been and they'll give you a list of reasons why you need to be at the premier professional development and networking event for FM professionals in New Zealand - aka FM Summit - but here are a few from us which we've lifted from a template [letter](#) to help explain to your manager why FM Summit is a wise investment. Feel free to use it!

Attending FM Summit will allow you to:

- Improve your competency which will help you deliver efficiency and value to your organisation.
- Establish new relationships and network with peers and industry experts to gain insight into how others are dealing with the challenges and issues you face.
- Learn first-hand from insightful case studies.
- Keep abreast of technological advances in the industry.
- Ensure your knowledge around important issues and best practice is current.
- Engage with suppliers about the latest FM products and services ... **and more!**

For registration details and more info about speakers, the programme, accommodation and social events, head to our [FM Summit homepage](#).

Congratulations to our Newest Professional Members

Congratulations to our newest professional members who were approved into their assessed membership categories at last week's Board meeting.

Scotty Death AFMANZ, Rajesh Kumar AFMANZ, Shem Marigold AFMANZ, Carolyn Wilkinson AFMANZ, David Clifton MFMANZ,

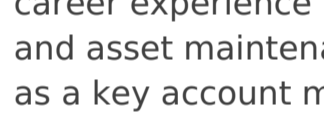

Chris Hurst MFMANZ, Cherrie Linney MFMANZ, Marius Nortje MFMANZ, Donna Spargo MFMANZ and Deon Thuynsma MFMANZ can start using their post-nominal in their email signatures, on their business cards, in their CV and so on. This badge of professionalism demonstrates to employers, clients and colleagues that they're serious about their professional development, dedicated to industry best practices and committed to leading the FM profession. If you want to know more about becoming a professional member, [see here](#).

Looking for a Homegrown Post-Grad Qualification?

If you're looking to progress to a more senior role, it might be time to check out Massey University's Graduate Diploma in Facilities Management. Now in its third year, the GradDipFM is aimed at professionals working in FM who hold a non-FM tertiary qualification. You can complete the Graduate Diploma in one year, full-time, or at your own pace, part-time. Find out more [here](#).

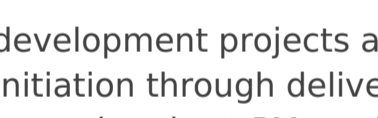

Situations Vacant

GOLEMAN GROUP is looking for a **KEY ACCOUNT MANAGER** to manage existing key accounts while growing sales/new business for their rapidly expanding Auckland business. As primary conduit

between accounts and operations, you will possess 5+ years stable career experience in facilities industry/asset management, asset cleaning, and asset maintenance or any other trade-related field; verifiable experience as a key account manager with success developing new client relationships and achieving set performance KPI; and a strong existing network within the facilities sector. For a full job description and application information, head to the [Job Centre page](#) on our website.

BGIS is looking for a **WORKPLACE AMBASSADOR** for a part-time role (26 hours per week) based in Newmarket, Auckland. Reporting to the Workplace Manager, you will be the first point of contact for delivery of all facilities management and workplace experience. Using a flexible and adaptable approach, your responsibilities would include embedding and maintaining the COVID-19 Return to Work protocols, providing a high-quality service in performing a range of front of house, administration and facilities related duties and proactively monitoring and managing the workplace with reference to change, occupancy and space activation. For a full job description and to apply [see here](#).

AUCKLAND WAR MEMORIAL MUSEUM is looking for a **PROJECT MANAGER, CAPITAL DEVELOPMENT** to join its property division. This is a senior-level position responsible for managing the successful delivery of planned building

development projects and involving end-to-end project management from initiation through delivery, to handover to operational teams. You will need to apply robust PM methodologies and techniques and may need to create and collaborate PM systems and processes where the Museum has gaps. Collaborative working along with effective written and verbal communication skills are essential. Applications close Thursday 2 June. Find out more about the position [here](#) and apply [here](#).

AUCKLAND DHB is looking for an experienced **CAPITAL AND ASSET MANAGER** to join its facilities & development team, which is responsible for the successful ongoing operation of the sites at Auckland City Hospital, Greenlane Clinical Centre and Carrington. You need to be able to create, manage and implement asset management plans with meticulous planning. Stakeholder management skills are also a must as you will be working with ADHB's engineers, project managers and a variety of specialist sub-contractors as well as clinical and non-clinical stakeholders to ensure facilities are maintained in accordance with requirements. For more information, see the position description [here](#).
